

Sell AI to your clients. We build it under your brand.

White-label AI assistants, agents and automations for US agencies · demos in about 2 business days

Your clients are asking about AI. You don't need to hire developers to say yes. getyoteam builds AI website assistants, lead-response assistants and custom automations **under your agency's brand**, at fixed partner prices. You keep the client relationship and set your own price.

Partner menu

Package	What your client gets	You pay getyoteam	Market range agencies charge clients*
AI Website Assistant	A chat assistant trained on the client's website. Answers visitor questions 24/7, captures leads into email, a CRM or a sheet.	\$500 setup + \$79/month care	\$500–2,000 setup + \$99–500/month
AI Lead Response Assistant	Every new form or email lead gets a personal reply in under a minute, 3 qualifying questions and a booking link. Hot leads are flagged to the team.	\$1,200 setup + \$129/month care	\$2,000+ setup + \$300–500/month
Custom automation, RAG or AI agent	Document Q&A on the client's files, n8n workflows, multi-step agents, integrations with their tools.	Fixed quote, from \$2,000	Usually 1.5–2× the build price

* Typical ranges reported in agency white-label pricing guides (FastBots, RaftLabs). Your price is always your decision.

Monthly care includes hosting, AI usage for normal traffic, monitoring, prompt and content updates, small changes, and a short monthly report you can forward to your client under your brand.

What one client can earn you

	Your client pays you	You pay getyoteam	You keep
Setup (once)	\$1,500	\$500	\$1,000
Every month	\$299	\$79	\$220 / month
First year	\$5,088	\$1,448	\$3,640

Example for one AI Website Assistant. Ten clients like this is about \$2,200 a month in recurring margin.

Try it first: a free demo on your own site

Send us your agency's website (or one client's site). Within about 2 business days you get a private demo assistant trained on that site, plus a short video of it answering real questions. Show it to your client. If they buy, partner prices apply. If not, we delete the demo after 14 days. No cost, no obligation.

How we work

- 1 You send the brief.** Client website, what the assistant should do, where leads should go.
- 2 We build a demo** in about 2 business days. You show it to your client under your brand.
- 3 Client says yes.** 50% of the setup fee starts the build; we build and test in 1-2 weeks.
- 4 Go live.** 50% balance at launch. Monthly care keeps it running, updated and reported.

Our white-label promises

- **Your brand, not ours.** No getyoteam logos, links or emails in anything your client sees.
- **Your client, not ours.** We never contact your clients unless you ask us to join a call, as part of your team.
- **Confidential.** Mutual NDA on request. Client data is used only for that client's project.
- **Fixed prices.** You know your margin before you quote.
- **Fast replies.** Within 1 US business day; demos in about 2 business days.

Partner terms in short

Topic	What we agree
Payment	Setup: 50% to start, 50% at go-live. Monthly care: billed to the agency, monthly in advance.
White-label	The agency owns the client relationship and the branding.
Non-solicitation	Neither side approaches the other's clients or staff for 12 months after the last project, unless agreed in writing.
Ownership	The client's data and configuration belong to the client. getyoteam keeps its reusable templates and know-how.
Support	Replies within 1 US business day. Urgent fixes for live assistants within 1 business day.
Ending care	Either side can end monthly care with 30 days' notice.

A full partner agreement is signed before the first paid project.

Who builds it

Kumar Katariya, founder of getyoteam (Getyoteam Solution LLP). Ten years building software, including mobile apps with 300,000+ downloads; now focused on AI agents, retrieval-augmented generation (RAG), LLM integrations and n8n automation. **Top Rated Plus on Upwork** (top 3%), 100% Job Success, 122 completed projects. IBM-certified in machine learning and data science; Kaggle Notebooks Expert.

Next step: send your agency's website for a free demo, or book a 20-minute partner call at getyoteam.com/partners.
